

# ESTHER GOLTON

...a dulcimer, a flute, a song, a smile...

In Concert

"Golton's vocals are silky smooth, precise and winsome... She has a way of telling her stories that make you feel as if you shared in her experiences personally."

- Frontiersman

"...her catchy, humor-rich songs evoke the wildness of Alaska without beating you over the head with the kinds of clichés in which a less talented folk singer might wallow."

- Portland Oregonian
